### INTERNSHIP LETTER

**Date: 16/01/2025**

This is to certify that **Satyam Raj** successfully completed internship with us with designation as **Fullstack Developer - Intern**. This was a part time internship for the duration **13/09/2024 – 14/1/2025**.

During the internship, Satyam completed development of multiple features on a cross-platform mobile application. He operated independently and demonstrated eagerness to learn. He showed Ownership, Dive Deep on his assignments and ensured timely delivery. He was flexible to work on both frontend and backend enhancements and was able to quickly learn new technologies. During the course of the internship, he leveraged React Native, Node.js, MySQL and AWS technologies like AWS Lambda to deliver on the features. He used his problem-solving skills to effectively come up with solutions to technical challenges he faced. In addition to the mobile app, he also worked on from scratch website development which he completed independently. He ensured responsive design for the website making it work across different devices – mobile phones, tablets and computers.

In addition to technical skills, Satyam also acted as a great team player working effectively with others to deliver on the features. He demonstrated clear and crisp communication, expectation setting and proved that he will be an asset to any team.

We wish Satyam good luck on his future endeavors.

A handwritten signature in black ink, appearing to read "Rajesh".

Rajesh Kumar Bejugam  
(Founder and CEO)
